**In each ProviderLookup search, you can find:**

- Detailed, accurate and up-to-date demographic data for every provider
- Information on multiple provider locations
  - Key Identifiers
  - Name, Addresses, Phones
  - Company Names
  - Group and Hospital Affiliations
  - License Number, State and Type
  - Status (Active, Retired, Deceased)
  - UPIN, DEA and NPI Numbers
  - CMS Specialty Code
  - Medical School Information
  - Sanctions
  - Relevance Score
  - Verification Detail
  - Time and Date Stamp

**Discover the power of the most comprehensive provider database**

Over 140 million data records from over 1,000 verified sources are distilled by Enclarity's highly acclaimed AcuSync® process to create detailed, accurate and timely information on over 6.5 million providers. It's all at your fingertips via our fast, easy to use Web site. That's the power of ProviderLookup. All you need is a Web browser and an Internet connection to find the information you need on practically any provider, just about anywhere, almost any time.

Find the answers you need in a snap with ProviderLookup's simple interface. You can search using many different variables, including Name, Address, UPIN, NPI, or DEA number to get detailed and validated information about a specific doctor, dentist, or other healthcare provider, or their office or practice. You'll have only one question to ask: how easy was that?

Powered by Enclarity, the most trusted source of provider information, ProviderLookup gives you the power of flexible and reliable search. So you can be confident that you're working with up-to-date, trusted information on your providers. Plus, ProviderLookup is available for both ProviderPoint® clients and stand-alone new clients. There's no easier way to get the information you need to work smarter and faster.

ProviderLookup. Find the information you need to know about a provider. Right now.
